SUBJECT: INTERVIEW REQUEST

Hi Dr. Datis Kharrazian! My name is Maria Delgado, AP I'm a functional medicine practitioner and Creator of the Enlightened Health Experience. You have been a mentor of mine for many years. I've read your books; I've taken all your Mastering courses, many of them at least twice. Your teachings have allowed me to recover my health as well as help my patients to recover theirs. Thank you for that. I believe your knowledge and expertise would add great value and give new perspective to an event I'm hosting. I love your out of the box thinking and for this reason I believe you would be a great fit to be one of the experts in this event.

In November 2015 I'm hosting the Enlightened Health Women's Virtual Summit where (together with top experts in the field of health & faith from around the globe) we'll dive deep into conversations that will help high achieving women break free from their hormone imbalances, menstruation problems, fertility issues, and autoimmune conditions so that they can become unstoppable and lead the world with their God-given purpose.

I understand that you may have questions regarding the details of the event and how it can benefit you. For this reason I would love to set up a moment to chat over the phone and discuss the details. In a nutshell I'm reaching out to the top experts that I believe are the most relevant and would have the greatest impact on our viewers. This summit will consist of only 20 experts, and I truly hope you will be one of them.
